

Briery, Aug. 13, 1858,
Dearst Eunice,
I have neglected to write you because
I have been undecided as to several matters
particularly as to Ellen Somers.
We have pretty much concluded to
send Ellen to Pittsfield - The great obstacle
is the expense - but she must be preparing
fall & winter clothes - I think she
ought to have, at least, two cloth jackets,
broadcloth - She will need them comfortable
& convenient, - But how much money
have you left? - I expected you to
state after you reached Portland. Ellen
will need more money than you -
Has Mr. Blanchard sent any? any
Send me a statement of your finances.
Can you learn anything more defi-
nite about the Academy at Bridgton?
or Bethel? or any other.
I should like to hear particularly about
Henry & his family - I love -

Dearest Eunice,

I have neglected to write you because
I have been undecided as to several matters
particularly as to Ellen & Somers.

We have pretty much concluded to
send Ellen to Pittsfield - The great obstacle
is the expense - but she must be preparing
fall and winter clothes - I think she
ought to have, at least, two cloth jackets,
broadcloth - She will find them comfortable
& convenient, - But how much money
have you left? - I expected you to
state after you reached Portland. Ellen
will need more money than you -
Has Mr. Blanchard sent any? any
Send me a statement of your finances.

Can you learn any thing more defi-
nite about the Academy at Bridgton?
or Bethel? or any other.

I should like to hear particularly about
Henry & his family - and others -

Whether we shall have any school
here is uncertain -

The weather is beautiful - showers
every day -

Sammy has improved very
much - has picked up a good
deal of flesh - and is very active
& bright -

I have given the children a lesson
in arithmetic today -

I am about going to town &
have sat down to write you
this from mere shame -
because I have not written before -

Take it as an apology for a letter
I will try to do better in a short
time -

Mr. Horton & Mrs. Hunter called
on your mother day before yesterday.
Miss Philbrock, has had the typhoid fever

Miss Philbrock, has had the typhoid fever

is very slowly recovering -

Lucretia & Abby have come to see
them with Mrs. Pollard - but
Lucretia will, I presume or she
has not already done so, inform
you of all these small domestic
matters.

Give my love to Ellen & Grandma

I shall write Ellen in a few days -

I hope to find letters by today's
mail - You must write
us very full letters, every thing
will interest us -

Ever your own

Affectionate father
