Auburn, Maine, Apr 19 '06

Dear bro .

We shall be glad to have you & Annie stay with us if you are planning to attend the Wedding on the 30th. If it is possible for you to come Saturday, all the better. You can let us know a day or two before, but we shall make no special preparations and you will be welcome in any event.

I sent you our Easter programme which contained "appropriate" remarks! The music was very good indeed although it was a most dismal day and the audience was about an ordinary one. We are all quite well and in common with everybody else are simply appalled by the awful catastrophe at San F.

I suppose the Sanfords are likely to be sufferers even though they escape with their lives . It is difficult to comprehend such a disaster! Hoping to see you soon

I remain as ever

Yours aff.

ALW
