

Saco Thursday Feby 7th

You will perceive from date, my dear George, that I have removed a portion of the distance which has so long separated us - And I regret much that this must of necessity form my farthest limit at the East. Nothing could gratify me more than to visit Augusta while the Legislature is in session. In looking over the list of members I do not discover the names of any with whom I am acquainted except Cilley & yourself - How is the controversy between Ruggles & Cilley likely to affect the prospects of the latter? It is singular that he and his former friend should so soon be "at swords" and perhaps it may not be very creditable to either - What ground do you propose to take upon this momentous, agitating question - Nullification. There are some rumors that you are rather disposed to countenance the measure adopted by South Carolina - I hope there is no ground for such

Description: Franklin Pierce on nullification

reports while I believe that the principles
of the resolutions of 98-99 are strictly orthodox
they cannot in my estimation form any
justification for the proceedings of the S Carolina
Gov^t. I am here to attend the taking of depositions
and shall probably leave tomorrow - If I were
certain that Anne had not accompanied you
to Augusta to see that the dividing line makes
not too strongly in favor of that "draining
exhausting sovereign" I believe I should take
the afternoon stage & introduce myself to
her this evening - I have only time to
remind you that you "owe me one"
and to renew my request that you will
forward such papers as contain your
most interesting debates - Give my
respects to Cilley & Hodgdon - Living in
different parts of the State you are probably
not in each other's way - And consequently,
as I hope, on good terms - Who is to
succeed Shepley as atty for this Dist?
What ~~light~~^{light} do you and Frank O. J.
Smith regard each other about this

In what [crossed out]^ do you and Frank O. J.
Smith regard each other about this

time? It appears to me very desirable for
both, that a good understanding should
be cultivated - You can be very serviceable
to him if you so wish & vice versa -

I think you must
have been very much engaged not to
congratulate your stoical friend upon
a particular subject -

In haste as ever
