My Dear Father,

As John is going to-day, & offers to carry a letter, I thought it was too good an opportunity to be lost. I have been very busy here for 2 or 3 days - Day before yesterday I was matriculated & got my "admittitur" to Bowdoin College. Yesterday I was examined in all the studies of the past year except Logic, "The Manual," & Lacroix' Arithmetic. I think I can say that our class "passed" very well. I got my ticket of admission to the Sophomore Class without having been turned by, or having to make up any thing. They gave me my term-bill at the same time. It amounts only to \$15.72. I have tried to have no more expended than were necessary this term: and now they have got on 13 cents too much. I have bought a washstand, 2 bowls went with it, together with a pail not very good, for \$1.00. Is it dear? My Pucinian Medal has come. It is a very pretty one. My pin will be here next Monday night. The books which our class bought for the Pucinian Library have come. They are considered a very good selection. We have now so many that 2 or 300 have to be stowed away in the drawers. Tuesday evening the Juniors had a prize declamation in the meeting-house & Wednesday the

Description: Josiah Pierce on admission to Sophomore class

Sophomores. I send you an order of exercises of both -
Last night, we, the Sophomore class of '43-'44, had
an address & a poem &c. Rice delivered the oration, &
Nolt the poem. The order of exercises was thus -
First we sung an ode, then Rice delivered his oration,
then we sung another ode, then we had the poem,
and then sung the last ode. We had this part of the
celebration in the Tontine Hall. From this place, we ad-
journd to the dining room, where we had a first-
rate supper consisting of Turkey, ducks, Chickens, pork,
pigeons & all the necessary accompaniments - then pies
puddings, cake &c, and for the dessert - pears, apples,
oranges, Raisins & Nuts. We had lemonade to drink
and coffee - There ^{were} a good many toasts given, songs sung,
&c. &c. After the supper we went and built a bonfire,
which "astonished the natives" a few "I reckon" - It is burning
now - 8 o'clock the next day. We had a most glorious
time - ~~This is the winding up of our Freshman year.~~
It hardly seems possible that $\frac{1}{4}$ of my College course
has passed, and yet it is so. I did not go to bed
last night till half past 3, and got up at 6 this
morning, but feel as well as ever. I shall expect
you here at Commencement. What day will you come?
I should like to have you write if you can.
Please to excuse all mistakes, and bad spelling, &c
for I am writing in a terrible hurry as John goes
at 9. I do not think I had better get a chum next
term. I do not want to at present, as I like to
room alone, and John may come back. His fur-
