@ Meridian D.C.

Dear Father:

It is getting to be  
about time to hear from you so though  
I would write—as I have a few leisure  
moments. My health is very good  
at this time with the exception of  
a very bad cold I got coming from  
city Point on the Boat—  
I suppose you have heard of the  
Rebels marching into C[?]d and P.r.  
It is reported that they are forty  
thousand Strong— they are within  
six miles of Washington and  
yesterday they were fighting consider-  
able. Ten thousand Militia has been  
ordered out around the D.C.  
We left Petersburg Saturday night

Description: W.B. Adams on loss of confidence in Lincoln

and took Transports at city Point  
and landed at Washington at  
noon to day - expect we shall  
have some sharp fighting and  
Marching - It is reported that  
the Rail Road communication has  
been cut between Baltimore &  
Phil - I think it would be the  
best thing if the Rebels could destroy  
the Capital it would be more loss  
than to destroy the President  
for we have got so we don't think but  
little of him. We have not  
been paid for nearly five months now  
and if you are getting along well,  
so that you could send me five  
dollars I think in a few weeks  
I could pay you well - for the use  
of it. but if it is not convenient  
to do so don't be afraid to say so  
I recd that other ten that Mother  
sent me.

Did you see the Regt  
when it came home? There is  
a fellow in Lewiston that tented  
with me by the name of St. Clair  
when you write tell me when  
you work & Board and I will  
send him to you

It is getting dark and besides  
my ink is very poor so I will ask  
you to excuse this - and close

With Good Night.

P.S. The People are very excited here  
Some are out with their guns others  
are frightened most to death and  
don't feel inclined to any thing. Our  
2nd Division has just charged in  
Front and driven them back
