

Camp near Brealton V.^a Dec 26/63

My Dearest Father

I have only a few moments to write you as I have got to go out into the country to steal or as we say capture boards for a floor to my tent we have built winter quarters and I have got a nice tent, and I am going after secesh boards to make a good flour, I reached the regiment a week ago I had not time to write you when I left. We made a raid into the Massennetten valley five days ago capturing a large number of prisoners burned a large number of tanneries and saddle shops where they were making saddles for the Rebs we burned one church full of good Cavalry equipments and destroyed a great many things that would help the Rebs to hold

Date: Dec. 26, 1863
Description: John Sheahan on return to regiment, Virginia

out against us, I wish you
could have been with us when
we crossed the mountains in some
places we marched through the
clouds and oh so cold enough to
freeze a fellow, snow could be
seen on the mountains top while
in the valley it was as warm as
a summers day the roads are
as dusty here now as they are
at home in the summer, no snow
can be seen except on the distant
mountains, if you come out here
take the Morrisville road from Bealtown
station and you will find our regt
in camp two miles from the station

will writ again soon

tell mother to take Louisa Hobarts
picture out of my trunk and give
it to Ned to give her dont scratch
it and put a brass and the glass
on it before you give it to
her,
