Dear Mr. Savage:

I have read with the greatest interest your letter of August 6th setting forth so clearly the figures in connection with the purchase and use of Mrs. Farrand's plant material at Thuya Lodge and Asticou Pond.

While I appreciate your usual frankness and your willingness "to make an appropriate adjustment" in connection with my participation of \$50,000. in the work at the Pond, should I so desire, may I assure you again that I am delighted to have been your silent partner in this matter. What you have already accomplished is charming and most rewarding.

Very sincerely,

John D. Rockefeller, Jr.

P. S. If the enclosed memorandum is incorrect in any particular, please so advise me.
