Dear Bro,

I wish you would see Gen. Scott & learn from him ~~of~~ confidentially for me (if such information can be given) how things stand at Washington; & particularly what the danger is now of an attack upon Washington, or of an attempt to prevent the inauguration of Lincoln -

Perhaps, if the General ever communicates with others in such cases, he would write me upon this subject.

I would greatly like to know what is wise for our Legislature to do in respect to raising men & money. All that is necessary we will do promptly & cheerfully - but what that is is unknown.

I think that too much cannot be done to make things sure & safe -

Yours truly,  
I. Washburn
