

Dear Sir  
May 9. 1776

I have this morning Rec<sup>d</sup> a letter from Thomas Everit acquainting that he was offering to his Creditors the payment of one half Down provided he could have letter of licence for two years and half, if there is no better chance and the Creditors in general agree to it, I believe you had as good do it in my behalf But I leave the matter wholly with you to conduct it as you would your own, and I shall be content. two Men of War yesterday came up the River with some tenders and prize vessels with them between Wilmington and Chester they were met by 13 Roegalleys of this place where a Battle ensued which lasted most all the afternoon, with very heavy firing on both sides, I have <sup>not</sup> heard the Gallies have suffered any Dammage, the Roe Buck which is the largest Ship was obliged to stop the Bullet holes round her side and at high water ran a ground; while the men of war was Engaged, our vessel the (Wasp) went out of Wilmington River and retook one of the prize vessels and the provenced Ship mounting 16 or 18 guns full manned is gone to the assistance

Wilmington

Dear [Sir?]

May 9, 1776

I have this morning [Rec<sup>d</sup>?] a letter From Thomas [Everit?] acquainting that he was offering to his Creditors the payment of one half Down provided he Could have [letter?] of licence for two years and half, if there is no better [Chance?] and the Creditors in general agree to it, I believe you had as good Do it in my behalf But I leave the matter wholly with you to Conduct it as you would your own, and I shall be content. two men of War yesterday came up the River with some [tenders?] and prize vessels with them between Wilmington and Chester they were met by 13 [roegalleys?] of this place when a Battle ensued which lasted most all the afternoon with very heavy firing on Both sides, I have <sup>not</sup> heard the Galleys have suffered any Dammage, the Roe Buck which is the largest Ship was obliged to stop the Bullet holes round her side and at high water Ran a ground; while the men of war was Engaged, our vessel the (Wasp) went out of Wilmington River and retook one of the prize vessels and the [provenced] Ship mounting 16 or 18 guns full manned is gone to the assistance

Assistance of the Gallies, we have no news  
this morning from them but expect every  
moment to hear —

The preparations which are making  
By our Enemies on the otherside the water  
from the Intelligence we have, appears  
to be very Considerable, which makes it  
Necessary that all the Colonies should be  
in a situation best Calculated to exert its  
whole strength, I think it cannot be long  
before our provincial Congress will think it  
Necessary to take up some more Stable form  
of Government than what is now exercised in  
that province — the two Carolina's have  
Done it, and Virginia I expect will soon do  
the same — As to Commissioners coming  
to treat of peace we have little or no  
hopes of it therefore we ought to be in  
a situation to preserve our Liberties  
another way — my Compliments

to all friends I am Sr your
