May 9. 1776

I have this morning Rec^d a letter from Thomas Everit acquainting that he was offering to his Creditors the payment of one half Down provided he could have letter of licence for two years and half, if there is no better chance and the Creditors in general agree to it, I believe you had as good do it in my behalf But I leave the matter wholly with you to conduct it as you would your own, and I shall be content. two Men of War yesterday came up the River with some tenders and prize vessels with them between Wilmington and Chester they were met by 13 Roegalleys of this place where a Battle ensued which lasted most all the afternoon, with very heavy firing on both sides, I have ^{not} heard the Gallies have suffered any Dammage, the Roe Buck which is the largest Ship was obliged to stop the Bullet holes round her side and at high water ran a ground; while the men of war was Engaged, our vessel the (Wasp) went out of Wilmington River and retook one of the prize vessels and the provenced Ship mounting 16 or 18 guns full manned is gone to the assistance

 Description: William Floyd on the militias and local government

Assistance of the Gallies, we have no news
this morning from them but expect every
moment to hear—

The preparations which are making
by our Enemies on the otherside the water
from the Intelligence we have, appears
to be very Considerable, which makes it
necessary that all the Colonies should be
in a situation best Calculated to exert its
whole strength, I think it cannot be long
before our provincial Congress will think it
necessary to take up some more Stable form
of Government than what is now exercised in
that province— the two Carolina's have
Done it, and Virginia I expect will soon Do
the same— As to Commissioners coming
to treat of peace we have little or no
hopes of it therefore we ought to be in
a situation to preserve our Liberties
another way— my Compliments

to all friends I am Sr your
