

Saco 13 April 13<sup>th</sup> 1820

Dear Sir I have been inquired of by the Stockholders of Saco Bank whether the next semiannual tax which will become due is to be paid in to the Treasury of Massachusetts or Maine which question I have been unable to answer ~~the question~~ but by saying that is was a case not specially provided for or passed by unnoticed for I see nothing in the sepparation act respecting it or in any other act I wish Sir if you have before you would drop me a line let me know if you recollect of its being provided for or not and if not wither it aught to be paid in to the Treasury of Massachusetts or held by the banks until we have a Treasury provided to receive it - have the goodness to give your opinion respecting it -

our State elections are over per mit me Sir to congratulate you on the unanimity in the choice of Governor which I consider as a fortunate circumstance at this time - but we appear to be recharly divided in amost all our <sup>other</sup> elections which leads me to anticipate trouble during the insuing year the struggle for seats in either branch of the new legislature was a thing I had never anticipated for I have considered the birth as by no means desirable - the people have seemed to have set thair fuses against lawyers - but thay are sending in to the Legislature a class of men to my mind far worse for of all men for legislatures Deliver me from suspicious clergymen of which later class I fear we shall have many - still thay are a class of men I highly respect in thair place -

We must submit to the will of the soverain people -

Youl pardon me for troubling you with the above inquiries & remarks while I remaine Sir with due respect your
