Joseph L. Murray,  
Portland, Maine.

Dear comrade:

Your application for Paris Convention reservations received this date, also certified check for \$50.00 and same have been approved and have been forwarded for assignment as requested. You will hear from these in due time.

I have asked for assignment to joint or nearby cabins for:

Boris Blumenthal, Joseph L. Murray,  
Michael M. Mulkern, William M. Lee, and ~~William~~ Abraham  
Krook on return voyage Carmania October 1st

In my letter I asked that space with above be held for Mr Crasnick whose application would go forward in a few days. I could not hold above applications to wait for Mr Crasnick, as they should go forward as soon as received if desired reservations are wanted. That class of reservations are in much demand.

You will have the trip of your **life**, and there will be a big and pleasant crowd with you.

Fraternally yours

*James L. Boyle*
