J. G. Loving Esq
Yarmouth, Maine (Dear Sir)

No earlier opportunity has been afforded us for conveying to you the sad intelligence of the decease of the late Governor J. B. Russwurm, who died on the 9th of June last.

Mr. Russwurm and myself have been appointed to administrate on his Estate, and to the Guardianship of his Children.

We had prepared a letter to be forwarded to you by the Liberia Packet but the receipt of yours dated July 11th, renders a portion of its content unnecessary.

We deeply regret that any differences should have arisen between the family of Gov Russwurm and the teacher selected by him for the instruction of his boys. It is presumed that the deceased was well informed of the character, abilities, and faithfulness of Mr Wood, ere selecting him, and as your communications and the accompanying testimonials of other worthy gentlemen confirm his favorable opinion, we cannot in justice do otherwise than desire you to conform strictly to the course last advised by Gov Russwurm.

If it be possible that Mrs Hawes & family can resort to the exercise of persuasion or even indirect influences to excite in the boys wishes at variance with those of their deceased father, then it will be necessary

Description: Samuel McGill letter regarding John B. Russwurm's death , Yarmouth, 1851

for you to exercise your authority, and remove them beyond the power of such influences. But my Dear Sir we trust that the ladies will discover the impropriety of encouraging the boys to oppose the arrangements made by the late Governor, or whether they do or not his instructions to you must be carried out.

We are gratified by your information, of the probable early settlement of the account with Estate of Mr Stockbridge; and hope you will use every effort in your power to secure a like settlement of accounts with Mr S. E. Russwurm: whilst we are willing to conform to the expressed wishes of the deceased in granting every indulgence consistent with our obligations & duty as Administrators, we are not unmindful of the fact that this debt of F. E. R. has long been due, and that the principal and interest even now exceeds the market value of the Mortgage property.

It is probable that we shall appoint Dr. James Hall of Baltimore to act as our Agent in this as well as other matters appertaining to the Estate, of which you shall have due notice -- in the mean time, as we are too distant to admit of free communications, whenever you are in need of advice either respecting the boys or pecuniary affairs, you will please seek it of Dr. Hall, who is a worthy, long tried, and faithful friend, of our family and of Africa.
