Mr. Samuel Cook, Sir, the committee for locating a road from the Baskahegan carrying place to the northern line of the Framingham Academy Grant through Houlton, will meet at the house of William Howe Esq. in Baring on the 9<sup>th</sup> day of August next at ten o'clock in the fore noon, and will probably be at the Baskahegan carrying place about the 13<sup>th</sup> ready to begin on said road, and we shall then be in want of some person acquainted with the Country, and the views of the petitioners relative to the road to give us all the information possible, as we are all strangers in that Section of the Country. I think it will be highly proper for the <sup>petitioners</sup> to send one or more good men to meet us at the carrying place to give us all the information possible relative to the land & the Situation of the Settlements, that the road may be located in the best plan.

Yours Respectfully
