Dearest Mother & All

Well here I am back in the good old North East but not quite near enough & not enough free time to hit home yet. Well every thing is O.K. & I am fine in health hoping that the whole of you are feeling as good as I do.

How is Bib & the baby getting along. Here hoping things turn better for the baby. I think I mentioned before that I received the candy & nuts O.K. & thanks a million for them. If you havent sent the other package as yet use this new address. If you already sent it O.K. I'll get it sooner or latter. I serpose you know the score by now so dont worry. I'll try & kept in tuch with you as time goes by. As you probley know all my mail will be censored going both ways. Boy Topeka, Kansas was sure a good deal & nice Camp & also a good town

We sure had a grand time while it lasted. I'm buddies around with a guy from N.H. & what a brute the same height of me but weight about 296 lb. & is left handed some fun. There still is a lot that still laughs at the way we talk but so what. That life.

Well I guess I will sign of & hit the hay. Oh yar here is the crew with the names & possion of each of use. What do you think of it. & this also is the kind of a plane that we are on in the back ground.

So Long & As Ever

Your Loving Son

Walter

P.S. How are the chicks doing now days? Good I hope.
