Dearest Mother & All May 12, 1944
I well try & write a few lines this
swell day. By now you know of our mis-
haps & now every thing is all O.K. again
so you don't have to worry about me
Far as mail goes it well be few & far
between. I serpose it well be fall before
you get this. Well Sun. is Mothers Day
& don't think I'm not thinking of
you. This well have to do although it's
nothing. I can just see you now out
in the flower garden. [?] hope they
turn out good. How is everybody around
the house. I sure hope your all well & doing
the same as ever. Far as sending a box
put some candy, handchief & ect. go see
the Red Cross & they well give you the low
down on what & how much you can
send. The Red Cross is a big help here
I sure hope the hens are laying as the
eggs sure come in handy I'll leave it
up to you to write to everybody &
let them know I'm all O.K. & not to
worry. No news is good news Loving Son Walter
