Dearest Mother & All

Boy what a glorious day I had yeaster-day. I received my first P. parcel. Thanks a million. It sure came in handy. Here's hoping there's more on the way. Don't forget those house scales & weight it before sending. I think this one could use another lb. or so. When they say 11 lb. use it. har! har! Don't think I'm balding you out, because I'm not. You know me. When you get more for your money I'll try and find it. har! har!

Well I'm still all O.K. & hope this finds you the same. Glad to hear about all the boys you mentioned Oct. 27 which came about the same time. Soup mixe. pan cake flour, any dehydrated foods well fill it up. Nescafe or Soluble coffee would come in handy to make hot drinks, oh yar cocoa ecto. The socks came in handy but our clothers are finished & other items would be better. Oh well most anything well be handy so don't fell bad if you didn't send exactly what I mention. As Ever Your Loving Son Walter
