AUBURN, MAINE, Apr 4th 1905

Dear bro.

Yours duly at hand & was glad to hear from you. I should have acknowledged your "valentine" letter before but have not seemed to have time to do it justice. On the 1st of March our Treasurer's clerk, who has looked after this office for many years, retired & I have both accounts to look after which has kept me very busy especially as these accounts are new to me and have had no one to show me anything but I have gotten along so far O.K. and am glad of the opportunity to get familiar with this end. I know nothing about the V. proposition but have a very pronounced opinion about V who is one of the B. PECK style "The Co-operative Assn of America" and that sort of thing.

The latter has died a natural death, and I should be personally rather shy of the Rev. V's idealistic schemes. But I know nothing about

this particular deal though I think I did see
a half page or so ad in the Journal.

The fact that H.W.O. was associated with it
might simply be a matter of expediency with
reference to the legal organization etc.

I will keep your words in mind and if I
can dose them with such music as you want
shall be glad to do so though I am out of this
sort of thing rather. I am still making a sort
of hobby of the choir which continues to give sat-
-isfaction apparently. We are all quite well and
hear encouraging reports from Harold at Phila.

Must close with regards to all

Yours A.L.W.
