Lewiston, June 17, 1903.
Dear Brother Burt: - I received your letter this morning and am very glad you can take a few days vacation, and come to Lewiston. We have a comfortable little room, and you can come right here, then visit the others as you like, or come and go just as you want to, I will do the best I can for you. You may get up at any time in the morning that you want to, and do just as you like in every way. I telephoned Allie to find out whether they would go to "Falmouth Foreside" over Sunday, and they are not going away

Dear Brother Burt:

I received your letter this morning and am very glad you can take a few days vacation, and come to Lewiston.

We have a comfortable little room, and you can come right here, then visit the others as you like, or come and go just as you want to, I will do the best I can for you.

You may get up at any time in the morning that you want to, and do just as you like in every way. I telephoned Allie to find out whether they would go to "Falmouth Foreside" over Sunday, and they are not going away

and Maude said she wanted you to come there and stay all the time, or part of the time any way.

Both Maude's Father and Mother are at Falmouth as they are building a summer cottage there and Maude and Allen go down frequently.

Maude said Allie had been intending to write and invite you there for a visit, then, again Mother's room is vacant as the Business College has closed and her roomer gone home. So there is plenty of room and I know Mother will be very glad to see you.

I expect Helen will go to Squirrel Island to play for the summer this week so she will be gone.

Grace is having a great feast in attending Bradford Commencement. It is the Centennial year. She comes home tomorrow, Thursday.

It is raining or I should have gone over to Mother's before writing but I know she will be delighted to see you, and so there are three places ready and waiting for you to take your choice. We shall be more than glad to have you all the time, but it will be all right whichever way you decide. Allie and I have telephones, and find them very convenient.

I hope you can stay several days, then you can see your old friends.

Ezra White often inquires for you and even our old school teacher, Charlotte A. W. Towle inquired for you the other day. Little Hattie Judkins will be in an ecstasy of delight to shake hands and see your good face once more. Perhaps you don't remember her at all, but she will never forget you. I do not get out to church much, or anywhere, so I feel almost like a stranger myself. I think we have Children's Day

next Sunday but it will be in the morning. Perhaps there will be no commencement at Colby. I have not heard today whether matters were settled or not, but I hope so for John Bartlett graduates, and Tiley Bartlett has looked forward to it for so long.

Well, I shall see you soon. Much love to Annie, and Nellie, and Arthur, Clara, and Winthrop. Grace enjoyed her visit with you very much.
Your loving sister,
Ida Winslow Skinner.
