

Bowdoin College Feb^y 19. 1835
as^d , March 5. 1835

My dear Sir,

being a few weeks ago in Philadelphia I had the pleasure of meeting Dr. Julius — Commissioner from the Prussian Gov^t to examine our State Prisons & Penitentiaries. Speaking of Thomaston, he requested me to procure for him copies of all the Reports that have from year to year been published in reference to the state of that institution, since its establishment.

I take the liberty of applying to you in his behalf, though I am aware how much business you have upon y^r. hands. But this is a National affair; and if you can procure the above mentioned papers for me, and will have the goodness to send them by some private opportunity to y^r. brother George, I shall be much obliged to you. You need not trouble yourself to answer my letter, unless the papers cannot be obtained. Very truly y^r. Ob^t Ser^t (?) H. W. Longfellow
