Dr. Sir,

Permit me to offer my sincere congratulations upon your election to the Senate of Maine. From present appearances we are not likely to much troubled with opposition members at the board, as they will be rather scarce - We shall hardly have sufficient opposition to keep us straight -

We shall have a new President to make, Mr Smith being out of the case - I received a letter from Mr. Williamson yesterday saying that he should like the Office & asking what would be the views & wishes of the delegations in York and Cumberland on that subject - I could only answer for myself however as I have not yet had opportunity to consult even my own Colleagues in regard to it - Some of my friends have expressed a wish that I should myself be a candidate, but I know not that it would be worth while - Will you have the goodness to write me freely & frankly what your views and wishes are in regard to this matter & what would probably be the wish of your delegation - You will please to consider this Letter confidential & write me at your earliest convenience

Very truly your friend &c
