Dear sir:-

I received yours of June 12th stating that granolithic floor in basement at Sanatorium is in bad shape, and that the putty is peeling off the sash.

I will notify Smith & Rumery of this trouble and tell them to take the matter up at once.

Also note what you say regarding telephone system and will refer this to Cleveland & Co.

Incidentally I would like to ask you if it is not possible for the Institution to let me have some money on my account. I understand that the other bills outstanding have been arranged for but I have received nothing since the account was rendered and conditions are such now that it would be a great help to me if I could get the matter settled up or at least get a part payment.

Sincerely yours,

John Calvin Stevens
