D^r Sir.

You will see by the above plan, all the towns which are on the West side of Kennebeck River in the County of Lincoln, together with three towns, on the East side of said River, Dresden, Woolwich, & Georgetown, — these three towns are so convenient for me, if you can let me number them, in addition to what are on the West of the river, consistant with your other Engagements, you will much oblige

Your humble serv^t
