

Darby, Montana
May 26, 1971

The Honorable Edmund S. Muskie
U.S. Senate
Washington, D.C.

Dear Senator Muskie,

Our class has been studying the problems of our environment. A student from the University of Missoula, Karen Kuenning, came to our class and worked with us for three days on environmental problems.

We went up beyond Seeley Lake to the Falls Creek Environmental Awareness project for an overnight trip. Several University students were there to help teach us. We learned very much up there.

We have read about your work in the Senate on air and water pollution, and would like any suggestions from you about things our class can do next year.

Sincerely Yours, *N.C.*
Barbara Steele, Mrs. Cooper's class
