

Portland Monday Eve,

I have just returned from Saccarappa where I have been talking with the Directors of the Maine Manufacturing Co -

They want us to set a price on all our water power & mills on the lower falls, & on the house & lumber yard - The Mills to be occupied by us for ten years unless the Co wants them - in which case they will give us one hundred dollars per year for the unexpired time.

They want our price, & terms of payment in writing tomorrow at 10 o'clock, and also the quantity of stock we will take - You will judge whether this is worth your coming into town to see about it -

Yours George

Portland Monday Eve.

I have just returned from Saccarappa where I have been talking with the Directors of the Maine Manufacturing Co - They want us to set a price on all our water power & mills on the lower falls, & on the house & lumber yard - The Mills &c are occupied by us for ten years unless the Co wants them - in which case they will give us one hundred dolls. per year for the unexpired time.

They want our price, & terms of payment in writing tomorrow at 10 o'clock, and also the quantity of stock we will take - You will judge whether this is worth your coming into town to see about it -

Yours George
