

Paris Feby 8th 1826
My Dear Sir
your kind letter of last week
came softy to hand for which I thank you
I wish you to make the same terms
with Mr Mayall for me that you do
for your self — I want all the cloth
I do assure you that we are in
great want of the cloth — we
suffer ^{very} much for it, if you see him
you will please to scold at him
to your satisfaction for our
your family are well — Dr Chandler
remains in a low state of health, and
I fear he will not recover soon if
ever he does — M. Webster is very
unwell I fear he will have
a course of a fever —
Respectfully yours
J. Clarke Esq^r Cyrus Hamlin
