Dear Wife

we are now a mile from  
Boonsborough Meryland I expect  
you are anxious to here from me  
it is now twelve oclock we came from  
Middle town this morning I have  
not seen an hours time to write  
the last two weeks I wrote a few  
lines while the battle was going  
on at Guites burge but did not  
have a chance to mail it for three or  
four days I think I wrote the third  
of July early in the morning that  
day one of the most desprit and  
hardest fought battles was fought  
that has been fought during the  
war resutting in a complete union  
victory as probly you have red the  
particulars we wer not closely
