Genl Isaac Hodgden
Dear Sir,
I have this day recd yours of the 22^d
ult^e, covering a petition, signed by many of the inhabitants
of your section of the country, praying that government
will make a Road to Houlton. I am very glad to receive
it, because I introduced a Resolution a few days since
instructing the Military Committee to enquire into
the expediency of making a Military road from the
mouth of the Mattawamkeag to Mars Hill. I did not
dare to embrace a greater extent for fear of getting
nothing done if the work was too great. I am quite
sure they will do nothing about it, unless they can be
convinced that a Military Road is necessary, and I
thought the present posture of affairs on the Border
was favourable for the measure to be attempted, and
your petition will go in aid of the Resolution -
I however fear that our prospect is not remarkably

Description: Letter concerning road to Houlton

Good, unless the Secretary of war can be pre-
vailed on to send one company of troops into that
Section, whether Gov. Lincoln will request it, or
think it expedient I do not know, I suppose the
Secy will not send them unless the Gov. should
ask it, which I have no doubt he would do if the
Governor thought it expedient.

We have no news other than
you see in the paper. Every thing seems quiet
here and going on smoothly — I shall be glad to
hear from you occasionally as you find time and
inclination to write —
