

Washington 23 April 1828

Genl Isaac Hodgden

Dear Sir,

I Learn to day that the Committee of the House have reported two amendments to our Road Bill; one to Strike out the Consent of the State, the other to begin the road at Matanawcook. the latter I should like if it did not endanger the Bill in the Senate, this I fear Very much. the latter will loose us Several Votes, upon Constitutional grounds. But I shall make all the Interest I can for the Senate before the Bill gets to us, to Cary the Bill with the amendments, with what Sucsp is doubtful —

I have a few days since got the promise of the P. M. Genl to send a weekly Maile from your place to Houlton — no news — in hast
