

Augusta Aug 31 /62

My Dear father and mother
As I have a few moments
to spare I will improve them by
writing you a few lines, to day
is sunday but it is not the
Dennysville sunday soldiers pay little
or no attention to the 7th day, drilling
laughing, drinking, swearing &c make
up the soldiers sabbath, it seems
very odd to one that has always
been in the habit of going to
meeting and sunday school to be
among them, But then the soldiers
that are here are much stiffer than
the 18th boys I think they are far
better men, The cavalry boys are
"tip top" they are by far the best

Description: John P. Sheahan on enthusiasm for Union cause

soldiers that have camped here
this summer, well, perhaps you
would like to know how I like it,
no doubt you would, I like it
bully no money could tempt me to
come home again I am with
good boys and in a good cause
and why I should like to know
should I even wish to come
home, no I do not wish to come
yet I have a duty to perform
for my country, there is many
battles to be fought and I must
help to fight them I know that
I am in danger but what of that?
am I not willing and ready to take
my place and chance I may perish
in the first battle but what of
that if I can do anything to help
put down this rebellion, what is
my little life compare with

peace and union I do not value
it the least, I say it because I
mean so. The weather is very
fine here just now the nights are
rather cold but we have good
tents and good beds = straw on
the ground = I do not know when
we shall leave Augusta but not
far a week or ten days you can
answer this if you see fit but if
you conclude to you must do
so to morrow I should like to
hear from home let mary write
a long letter I sent a \$100
home by express and I shall
send you the receipt let me
know if you got ^{it} when I enlisted
the man put my name down 21
years old, tell me about the
money?
