Dear Father and Mother
Something over
a week has passed since I last wrote
you but I have had reasons why
I could not write, I have only received
one letter from you since you
reached home and it does seem
so long that I have felt lonesome
and very anxious about the folks at
home, it is very singular that so
many have died with the Dyphtheria
within the last two year in and around
Dennysville. I judge it must be a
much changed place in fact it will

Description: John P. Sheahan on duration of war

never be the place it was before
-the brave boys left- at the first-
call for men to protect the stars
how little did any of us then think
that it would grow into a gigantic
War filling our country with men
maimed for life, Orphans, Widows
and broken family circles, no one
really expected this, three years
will have closed before any of
our armies can move. The
Springs Campaign will commence
-the fourth year of the most-
bloody war the world has ever
seen. I hope it may put an
end to the Rebellion but oh I fear
not. God intends to punish us
severely for our sins as a nation
A great many think
that the coming summer will close
up the heaviest fighting it may but
how long the war will last depends
more upon the next Presidential
Election than anything else, if Old
Abe is reelected the Rebs know
he will never give the least.
I have not a doubt but the
old fellow will again live in
the white House or rather
