My Dearest Lizzie

At last I am a
prisoner but far better treated
than I expected I was taken
the morning after I wrote you
at night - neither of my brothers
were taken I am in the best
of health and fully expect to
see you at some day not
far distant - you must not worry
about me for it will only be a
short time at most before I
will be where I can write you
as often as I wish and as we
used to
