

Carmel, Oct 19<sup>th</sup>, 1864.

Mr Hinds,

Sir, I addressed a letter to B. H. Hinks a few days since making application for a situation as Nurse in some one of the Hospitals in Washington, but subsequently learned our Military Agent's name to be Hinds, instead of Hinks; therefore I write again volunteering my services to Government, in some capacity where I can be useful, and benefit the condition of our sick, wounded, & dying Soldiers. I only seek a situation that I may be found competent to fill. Can you assist me, or give necessary information relative to the same?

Being ignorant of required qualifications, at present, I need only say
