

From A. G. Weeks

My dear Mrs Jewett,
 I don't know how many
 times it is now, that I have intended
 including you in a little letter
 writing bout, but they are more
 often than not, cut short,
 however here we are making a
 start at anyrate, it may of course
 be finished today or it may not.
 I want to thank
 you for sending me, firstly
 the tobacco pouch, which
 being waterproof will be
 specially useful & secondly
 for the honey, not much of
 that left to tell the tale

Description: Letter from A.G. Weeks to Elizabeth Bascome Jewett

I assure you now much
enjoyed. We have just completed
a pretty thick 6 days in the
trenches at a very hot corner
of the line in wet & cold
weather. We all had some
very narrow escapes, I say
all, but unfortunately some
did not escape as we had
many casualties. It is a
sad sight to see the many
many graves just behind &
sometimes in the trenches.

However I think things
are on the move in the right
direction.

I am glad you all
got across the Atlantic
safely, it must have been a
very anxious time.

With kindest regards
to yourself, Mr Jewett
& love to little friend Peter
I remain
yrs sincerely
