Friend Shepley

Some ten days since I wrote and directed letter to Ships Island, as it is possible the letter may not reach you I write again to say that the purport of the was

letter addressed to you at Ship Island ^ to advise you that political matters are beginning to be canvassed and that the Age had named you as a probable candidate for Gov. & that in talking the matter over with a few of your friends we concluded that we could do far better with your name for Congress in this district than with any others in opposition to the Abolitionists who will either run Brown or Minton. Adams was & tells me he has written you and I venture to drop you a line & suggest that you would repudiate the Gov nomination and also allow your friends to do that which would be thought best as to using your name for congress since first writing the Republicans have called a clean party Convention to

nominate Candidate for Gov, on the 50 lack, Consideration and write farturable answer and to one wiches. hope you will being my letter directed from you at all each, day We have haily Stirring war heres for ten days past and are looking anythough for still further conquests Me are of the Opinion that he Butter holes the most important position of any 2) the Commanding hourals, Mcdelland however swent to be morth, Consunder and extelled by those compying a political Stand Donato he is wetches narrowly but thus Just maintaines his Horner depelatione Hope soon to hear from

Nominate Candidate for Gov. on the 5th of June. Will you please give the matter about which we have written early consideration and write a favourable answer as to our wishes. I hope you will recieve my letter directed to Ship Island and that we may hear from you at an early day

We have had stirring was news for ten days past and are looking anxiously for still further conquests

We are of the opinion that Gen¹ Butler holds the most important position of any of the Commanding Generals. McLellan however seems to be mostly censored and extolled by those occupying t political stand points he is watched narrowly, but thus far maintains his former reputation.

Hope to hear soon from you Resp Yrs S. R. Lyman
