My dear Sir
It would be of no use for me
to write you that I had fail^d, for that is
well understood - my object in writing
you, at this time, is to enquire if you
cant give me a position by which I can make
some money, by close application to business - If so
I will take the first steamer - my business
capacities are as good as they ever were - I dont
care what the business may be if I
can make the money -
The late election in this state has proven to
me that the people will support the President
in his war measure & therefore I go for
with the people - please write me
Respectfully your most Obt
