March 31<sup>st</sup> 1866.

Miss Usher.

Mrs H. T. Preble of Portland  
in a very full and satisfactory Commu-  
-nication, sent me on the 22<sup>d</sup> of March,  
mentions your name as one of the ladies  
- who went out from Maine, and who were  
- devoted and persistent in their labors  
for the Soldier.

Two of the ladies, Miss Titcomb, and  
- another, have favored me with an ac-  
-count in brief of what was done, and of  
the hospital scenes and incidents that  
fell under their observation.

Miss T. gives two incidents that are in-  
- deed very touching and well related. I  
should like very much to receive from you  
and all the ladies alluded to by Mrs P.  
such incidents as fell under your obser-  
- vation while out, as well as a brief  
statement of your own history, in that

Description: Frank Moore wrote to Rebecca Usher of Hollis asking Usher for her accounts and relating of incidents from her time as a nurse during the Civil War.

connexion, the time of going out, the hospital  
where you were the most of the time en=  
gaged, and some account of your daily  
round of occupations, particular while  
at the hospital in Annapolis.

No more prominence will be given to  
your name than you may indicate as  
desirable; my object being as much to  
give a view of the general labor of woman  
in this great field, as to eulogize  
particular heroines. —

Very Respectfully Yours,  
Frank Moore,
