Northeast Harbor, Maine

Dear Mr. Savage:

Everyone speaks to me of your public spirit, your taste and your achievement in your new plantations so happily replaced on this lovely island. Just a day or two ago a visitor here said you had added greatly to the amenity of Northeast Harbor and that some, indeed many, of your visitors come from the far ends of New England and the Island to enjoy the beauty you have created. The use of water, the splendid stones and the art with which the plants have been placed are each and all appreciated and you have given great pleasure. Nothing adds more peace to these somewhat difficult days than the beauty of outdoor art.

With congratulations and gratitude, I am,

Yours very sincerely,

Beatrix Farrand
