Beals, Maine 04611

Dear "Red",

Clinton E. Williamson - P.O.Box 225 - East Machais, Me. 04630  
Tel. 255-8803 He was in the Bar Harbor camp #154

He stopped in today to see what the reunion was all about.  
He gave me names of some other fellows.

Julian Williamson - 455 Sheldon St., Farmingdale, Me. 04345  
Tel. 582-2170 He was in PRinceton Camp # 192

Robert Raines - Bar Harbor, Me. 04609 orignially from Newport.  
In Bar Harbor Camp # 154

I'm enclosing some snapshots of some of the fellows that were with me in the Princeton Camp.

The reason I joined the CCC's was to have something constructive to do. There wasn't anything here.

I learned a lot in the camps. I learned Auto Mechanics, ran the generators for power to the camp. I even learned that wrestling is a lot different than Boxing. I got my nose broken.

I helped build the Fish Hatchery at Grand Lake Stream and building roads.

We had a lot of recreation at the camps. We learned Sportsmanship and survival. I'm glad I had the opportunity to go.

I went into the Army from the CCC and the traing I got in the camps sure helped.

See You at the reunion.

In Brotherhood, Rollins B. Kelley
