Dear Sir  
I write to inform you that  
your Sister Philenia died yesterday at one  
o'clock P. M. and will be buried next Sunday  
at 10 o'clock A. M. I have heard nothing  
from you since I saw you in Portland. I have  
written to Portland to inform you of the fact  
if you are there — She gave birth to a fine  
Boy two hours before she died, she was not  
expected to die till a few minutes before she died.  
your Mother & my wife knew nothing of it  
till after she was dead, it was very unexpected  
and heavy news to them as you must know.  
it seems as though your Mother could not  
bear up under it, I have not time to  
write more, unless this by return mail  
Very truly &c
